PROVIDING EMOTIONS SINCE 1534

Québec 

Enjoyable, SUSTAINABLE TOURISM!

Whether you choose to explore Québec's bustling big cities or the wide variety of its vacation resorts, admire the majesty of the St. Lawrence River or venture into the great outdoors, you can help preserve its natural treasures and resources:

- By finding out about the cultural values and practices of your destination;
- By respecting the natural environment of the places you visit;
- By choosing products that are reusable, durable and recyclable;
- By choosing energy-efficient transportation (public transit, cycling, walking, etc.);
- By disposing of recyclables and garbage in the areas provided;
- By buying goods and services from companies that respect the environment;
- By buying local products that promote the economic development of the region you visit;
- By respecting the privacy and well-being of others;
- By reducing pollutants generated by your trip;
- By encouraging those around you to do the same.
